

Bee colony log

1. User:
 - all beekeepers
2. Frequency of use:
 - as required
 - will need to be updated whenever there is a change in the bee yard
3. Reasons for recording this information include:
 - bee management
 - helps to plan where to move colonies
 - helps to plan bee sales
 - to tool for queen selection
 - communication
 - it can be a communication tool for beekeepers and staff
 - bee biosecurity
 - part of overall management to reduce disease
4. References to the Bee Biosecurity Standard and CBISQT:
 - Bee Biosecurity Standard: pages 31-34
 - CBISQT: none
 - this template is not an adaptation of Bee Biosecurity Standard or CBISQT forms
5. General comments:
 - this record can be an effective tool when used together with the bee yard map
