

Facility: inspection (exterior)

1. User:
 - all beekeepers who maintain a honey processing facility
2. Frequency of use:
 - at least once a year
3. Reasons for recording this information include:
 - business management
 - this record is part of CFIA registration requirements
 - well maintained buildings will have greater value if sold
 - it helps ensure maintenance schedule is maintained
 - it helps maintain staff accountability for facility maintenance tasks
 - bee biosecurity
 - it is part of overall management to improve bee biosecurity
 - food safety
 - helps ensure correct protocol followed
 - provides a tool for tracing potential contaminants in honey
 - part of overall management to reduce potential contaminants in honey
4. References to the Bee Biosecurity Standard and CBISQT:
 - Bee Biosecurity Standard: pages 68-80
 - CBISQT: pages 53-56
 - this template is an adaptation of Bee Biosecurity Standard form 2.6 (pages 121-122), and CBISQT forms 3.0.1 (page 124) and 9.0.1 (page 144)
5. General comments:
 - this template can be used together with the facility map to highlight areas of concern and assist with communication between beekeeper and staff about facility concerns
 - when building a new honeyhouse beekeepers should look at CFIA regulations (e.g., with regards to grey water)
